RULES OF ENTRY:

Hospice Foundation's Trees of Life is a series of holiday tree lighting celebrations in King City, Monterey and Salinas in which people have named a light on the trees there to honor or remember someone special to them. In that theme, the Trees of Life Children's Commemorative Art Contest invites hand-drawn entries from **fifth grade students** from Monterey County and San Benito County schools, or local website visitors.

- Your drawing should reflect how you honor or remember someone, such as a grandparent or other relative, a friend or neighbor, a historical figure or leader—a person you want to recognize for the positive impact he or she has made on your life or the life of your community, state, country or beyond.
- Please use the **entire space** provided, using only crayons, colored or plain pencils, or markers to draw your scene. No craft or other materials can be used. **Give a title to your work and a brief description** to tell us about your entry, describing the impact this person has had on your life.
- Your drawing does not have to be a holiday-oriented image but **it should tell a story** as it relates to your remembrance or wish to honor someone.
- Your drawing **must include at least one tree**, of any kind.
- Only non-religious subjects will be accepted.
- One submission per student.
- **Parent signature required in two places: on drawing sheet and below.**

Hospice Foundation volunteers will jury the entries. Three (3) first, second and third place winners will be selected, one set from each of the four Trees of Life ceremony regions (Monterey Peninsula, Salinas Valley, South County and San Benito County), plus a competition Best of Show. A total of 13 winners will be selected.
